AMSTERDAM**

Maximize your Masters Learning Experience

- ✓ Do you want to be better prepared for your career after graduation?
- ✓ Do you want to make a **societal impact** before you even graduate?
- ✓ Is your Masters research/thesis/internship/graduation project related to any of these topics: **COVID-19, Digital Inclusion, Circular Economy, or Food?**
- ✓ Do you want to address your research topic from an interdisciplinary perspective by collaborating with an international and interdisciplinary network of students and experts?

Then join the iCSL course!

iCSL course (AM_1253) can be followed parallel to your Masters program or internship from **February 2021**. It gives you opportunity to work on real-life and current challenges through interdisciplinary and international collaboration. This term the course will focus on four themes: (1) COVID-19, (2) Digital Inclusion, (3) Circular Economy, and (4) Food. Visit vu.nl/icsl to know more, and drop by the Virtual Open Walk-in Hours.
