

# Young Energy Researchers Conference

5 March 2024  
WELS, AUSTRIA

## Energy Efficiency & Biomass

- presents the work and achievements of young researchers in the fields of energy efficiency and biomass
- is held in the context of the World Sustainable Energy Days 2024 (WSED24)
- offers the opportunity to interact with researchers and industry experts from all over the world and to build-up a peer network!

## Call for Papers

Submit your contribution by **10 October 2023!**

Meet. Learn. See. Enjoy!

# Young Energy Researchers Conference

Energy Efficiency & Biomass  
5 March 2024

- The Young Energy Researchers Conference is part of the World Sustainable Energy Days. With more than 650 participants from over 50 countries each year, the WSED are a leading conference on the energy transition and climate neutrality.
- Linked to the main topics of the WSED24, the young energy researchers conference has 2 tracks, one for energy efficiency and one for biomass.
- The 2 best contributions are honoured with the awards "Best Young Energy Efficiency Researcher" and "Best Young Biomass Researcher". The researchers receive 1,000 Euro each as prize money.

**We look forward to your contribution!**
