

# 1<sup>st</sup> International Student Conference on Geochemistry and Mineral Deposits

## Prague, Czech Republic November 8-9, 2019

### Venue and Dates:

Conference will be held at Faculty of Science at Charles University in Prague. Registration will be open in May, submission deadline will be in September. All important informations will follow in next circular.

### Conference mission:

Conference will bring together young scientists at all levels of study to share their opinions and ideas in following areas:

## General sections

Related topics

## Mineral deposits:

Metallic deposits, Non-metallic deposits, Radioactive deposits, Coal mining, Mineralogy and related analytical methods, Natural construction materials and Environmental burdens

## Geochemistry:

Organic geochemistry, Inorganic geochemistry, Environmental geochemistry, Mantle geochemistry, Stable isotope geochemistry, Heavy metals, Rare earth elements, Hydrochemistry and Radiometric dating
